Goalkeeper Protection

Goalkeepers are to be protected at all times. Incidental contact is anticipated and could happen but under no circumstances should a player intentionally make contact with the goalkeeper during play.

Players should be instructed to avoid contact with goalkeepers if there is any doubt during the course of the game.

Goalkeeper possession is defined as the goalkeeper having control of the ball at any time with their hands. Even if the goalkeeper has a fingertip on the ball it is deemed as possession and players should avoid contact. In the event contact is made the play is ruled "dead" and an indirect kick is given to the goalkeeper from the spot of the infraction.

Score Differential

If the score differential reaches more than 6 the losing team may add an additional player to the field. If the score differential drops to 6 then a player is removed. If the score differential continues to increase and reaches 8 then a second player can be added by the losing team. Adding players must be done as if a substitution process with the permission of the referee.
